Seen, Heard and Told

By The Editor

We dedicate another issue to our misrepresentative in Congress, Arkansas Long-staple Ford, or, as same say, A. Large Fraud, who gave me a very, very sore toe when after they measured me for the postmastership here and found me tall, called for another yardstick, as the result did not suit Fraud.

Having such a quantity of other fish to fry, we are turning Hugh White over to Will Hoffa, Fred Sullens, Jim Crawley and Jack Hancock.

Mississippi has a good governor this week. Dinners is off on the Knox Dennis Murphree Better train; Paul Johnson is off electing Roosevelt; and Senator W. B. Roberts, of Rosedale is in the chair.

The leading candidate for Congress, Hon. E. G. Rayburn of Pontotoc, will speak in Grenada at 2:30 Saturday afternoon. Come on out, ladies and gentlemen, and see the fellow you are going to cast your vote for. Most folks here would vote for him (or against Ford, if Rayburn had a forked tail and large horns.

All of Cap Oliver's force, from himself on down and including the porters and truck drivers, are enjoying a week's full vacation this week. There may be other executives in the state who do this, but, Cap Oliver is the only one we know who just shuts up shop - and the Grenada Grocery Company is a terrible big shop - and takes out for seven days.

Alderman Burkley entertained the members of his club Monday evening. Red, white and blue decorations were used, carrying out the Ferdinand motif. Non-member guests included Rob Brown. Cheese and bologny, etc. were served come and get your own style. Consolation went to one of John Ben Perry's star Sunday School members, while grand prize was awarded the veteran editor of the GCW.

I expect the old lady and the girls and I will go to Biloxi Friday morning. I can have time to think up some more mean things to say about A. Large Fraud.

What would you think of a fellow who was looking for the tall man, and who, when he found the tall man, threw away the yardstick and called for another yardstick. That's the way misrepresentative Ford did me. That's the reason I have a sore toe.

Fred Sullens had better be back in Mississippi looking after Hugh instead of wasting his time with a cinch like Roosevelt. Since I have taken out, having other important matters, it is doubly imperative that Fred come back.

Harry Greenfield said that there should be a fifty dollar fine for anyone to single-space copy for a printer, or to write copy on a thin second sheet.

Suggestion to Rayburn to improve his cartoon; put a big sign, "No White Folks Allowed" in the Arkansas, or milking part.

If you observe the number of this paper, it is No. 52 of Volume Three. In short, we have lived and done well for three whole years, and thereby outlived by two years and eight months the pessimistic predictions of those who had rather not see us start.

This number carries sad news to our charter members, for it indicates that our current contract with them has been fulfilled, that their time is "up", and, to us, that, with all the renewals coming in, we can live thru the damnest month in the year, August.

Thank goodness for Ford. He gives us continued opportunities to get thru an otherwise mighty dull summer, so dull that we were figuring on starting to preach for a living.

In finishing our third year, we offer sincere thanks to our friends who have been so good to us, and thanks to the advertisers without whose patronage we, or any other paper, can not exist.

Mabel, that's the old lady, said I would rather a damn good grievance than the postoffice. I shore have a good grievance.

If this country is unprepared, we people of the 4th Congressional District can blame but one man, and that is the man who has misrepresented us for eight years, A. L. Ford.

My cross-word pupil, Mrs. Rose, has got almost as good as teacher.

"Hurry up with that paralysis stroke for Rayburn", prayed Arkansas short-staple Ford.

Since the lakes are filled with fresh water, attendance at Sunday School has picked up.

Farm Security Through Farm Debt Adjustment

Farm mortgages are easy to write on the farm but hard to write off, especially in these days of 8 to 10 cent cotton - not particularly because 8 to 10 cents is a low price for cotton but because the cost of making the crop has advanced until there is little left with which to pay off mortgages.

Mortgages fall into two classes, namely: "currant" and "delinquent" and the Farm Debt Adjustment Section of the Farm Security Administration is interested in rendering aid in the cases of delinquent farm mortgages.

There are several methods of adjusting mortgages recommended to both the mortgager and the mortgagee, and when all the details of a case are known it is not difficult to fit the mortgage to the method of adjustment that will bring relief to the mortgager (borrower) and at the same time maintain adequate security to the mortgagee (lender).

In every county in Mississippi there is a committee who has volunteered its service to act with the local Farm Security Supervisor in investigating foreclosures on Farm Deeds of Trust and Mortgages.

It is believed that few creditors and fewer debtors are aware of this service and that many more cases needing adjustments would be referred to the Farm Security Administration if those needing help of this nature would drop in and talk over their cases with the local Farm Security Supervisor, who acts as secretary to the Farm Debt Adjustment Committee. Sometimes a small rehabilitation loan just fits the situation and saves both farm and workstock from foreclosure.

GRENADA GROCERY COMPANY EMPLOYEES ENJOYING VACATION

Following an annual custom, Grenada Grocery Company's employees, each and all, are this week taking a full week's vacation from work. No part of this hustling establishment which supplies a large part of the food of this section will be open.

RIVER NOW FALLING

The Yalobusha River is now falling after attaining a heighth seldom before known during the month of July. Rain, either heavy or light, fell each day of this month up to and including the 15th.

Thousands of acres of land in this valley have been under water, and the damage to crops is very great, not only to crops actually submerged, but to all crops which could not be successfully cultivated during the wet weather.

MISS SNEED TO BE HERE NEXT WEEK

Ten Years Progress In Grenada County

Grenada, Miss., July 8th, 1940.

Mr. W. W. Whitaker,
Editor Grenada County Weekly,
Grenada, Miss.

Dear Sir:

I noted your editorial in last week's paper in which you gave some interesting figures in regard to the credit position and bonded indebtedness of Grenada County and wish to thank you for the kind reference therein.

Due to the fact that this is census year and the government is releasing its figures I have made some comparisons with our financial position using the year 1930 for a basis which I am attaching and if you see fit you may pass them on to your readers.

In view of the splurge of spending that all other government units have indulged in - including our government at Washington I thought that this information would be of interest not only to you but to other people of our county.

With kindest regards, I am,

Very truly yours,
JOHN P. PRESSGROVE,
Chancery Clerk

Wolfe Hardy School	45.5	44.25
Elliott School	51.	49.75

The above is interesting in that in 1930 the county wide school levy was 5 mills and due to demands of the State Department the county had to raise their levy to 10 mills in 1938 which they are now.

It is interesting to note that the valuation of the county has declined about 20 percent.

If we had a congressman with any get-up, our river basin would be protected as is the Tallahatchie basin. Those fellows below the Sardis Dam are not worrying about floods.

Water Valley To Select Beauty Queen July 19th

Sixteen girls will compete Friday night in a brilliant beauty revue at the city auditorium in Water Valley for the honor title of Queen of the 1940 Watermelon Carnival.

Following the revue will be a floor show, and at 10:00 o'clock will be the Queen's Ball, the most important social event of the year, with music by Eddy Rogers and his internationally famous orchestra, direct from the French Casino, New York, enroute to the West Coast.

Out of town judges will select the new Melon Queen. They will be Harry Martin, dramatic critic of the Commercial Appeal; Mrs. John Barnee, prominent society matron and editor of "Peneloe Pepys"; John Holbrooke, noted Broadway producer, now directing the MOAT Shows in Memphis; Claudia Patton, Queen of the Sardis Dam; Mariann Holcomb, Clarksdale Cotton Queen, and Betty Mae Wooten, Crepe Myrtle Queen of Memphis.

A large number of royalty members and Mississippi Queens will attend the event and participate in the Queen's Ball.

McBRIDE HOME DESTROYED

According to our information, the home of Supt. A. Y. McBride, of the Holcomb School was struck by lightning last Friday afternoon during the several electric storms and destroyed.

It is time for us snuff-dippers to stick together and send arkansas long staple ford back to Arkansas where all his interests are.

Exploding the "Pat Harrison" Myth

When, or if, little Arkansas Longstaple Ford tries to say that Pat Harrison interfered in the appointment of the high man, Whyte Whitaker, as postmaster of Grenada, ASK HIM: "Then why, Mr. Ford, did you not let Pat take the rap.? Why did you not send up the name of Whitaker and let Pat pop his neck?"

Then, ASK HIM: "You know, Ford, Pat Harrison would not oppose the brother-in-law of his best friend, John Pressgrove. Why did you not send up the name of second man Frank York?"

If little Arkansas Longstaple Ford keeps on mumbling about Pat Harrison, ASK HIM, "Then, Mr. Ford, how did you get by Pat Harrison with the appointment you recently made. You know that Whitaker fought Pat no harder than did the uncle of the appointee?"

When little no-staple Ford drags up Pat Harrison, ask him those questions. Inasmuch as little Ford gets this newspaper, and reads it with a microscope, WE ASK him those questions, and solicit answers, which, when received, will be published.

Duck Hill, July 16—Funeral services for little William Paul Moore, who died at Grenada Hospital Sunday afternoon, was held at the residence Monday afternoon conducted by Rev. H. N. McKibben, assisted by Rev. G. T. Sledge. This beautiful little baby boy, son of Mr. and Mrs. Guy Moore, was two years and four months old. A bright little fellow and had reached a most interesting age, but heaven would not be heaven were there no children there. Besides his sorrowing grandmothers he is survived by several uncles and aunts and five brothers and sisters: Guy, Jr., Mary Alma, Elbert, Emma Bell and Arnold Lee. His little body was carried to Caseilla for interment.

Thus Grenada Grows.

It is time for us short-staple fellows to get together and send long-staple back to Arkansas, the country where it is produced.

"No White Men Allowed on this Plantation". Aint that sumpthing?

Watch the folks freeze up when Arkansas Long-staple Ford's name is mentioned. People here are sore at him.

They have another pretty blonde at the Belmont these days.

W. E. Strider Transferred To Holmes County

Mr. W. E. Strider, FSA supervisor of Grenada county since the beginning of the rehabilitation program, was transferred effective Monday, July 15th, to Holmes County with headquarters in Lexington, where he will perform the duties of county supervisor. Young Mitchell, son of Mr. and Mrs. Oscar Mitchell, of Birmingham, visited his aunt, Mrs. J. B. Horn, in Grenada last year. The Mitchell family once lived in Grenada a number of years ago.

Mr. and Mrs. Horn went to Birmingham when they learned of the fatal accident.

To the City Taxpayer

The city council, in employing Hamp Graves and putting him to the task of assessing property within the city limits was not inspired by a desire to be mean or a desire to pry and meddle, but by a desire to find out what was wrong with the assessments whose totals show a DECLINE of nearly a quarter of a million dollars in the past ten years.

The complete figures follow:

	1930	1939
Realty Assessment	$1,488,155	$1,540,425
Personalty Assessment	853,441	524,595
Total	$2,341,596	$2,065,020

In a city whose growth and development have been little short of phenominal in the past decade that decrease in total assements just did not make sense.

In a city whose population had climbed by 32 per cent in ten years, there was something obviously wrong in assessments.

Therefore, the new assessment by a competent, impartial man such as Graves. It is obvious that some property here is escaping taxation altogether and that other property is grossly underassessed.

If you can show a taxpayer that he is getting an even break with his neighbor or with his competitor and that he is being dosed with the same spoon from the same bottle, he will cooperate with the tax assessor, or with anyone else, and Mr. Graves is finding just that spirit among the people he has contacted.

An Outstanding Showing

On the front page hereof is a letter from John P. Pressgrove, Chancery Clerk, which sets forth in detail the financial progress that Grenada County has made during the past decade. This report should set at rest the harping of those who continue to whine about what a helluva shape this county is in.

In the face of a 15 percent increase in population, with more citizens to serve, more children to educate and more demands upon the resources of the county; in the face of a 25 percent decrease in assessed valuations; in the face of the elimination of road taxes; in the face of greatly reduced revenues from gasoline; in the face of these major items and other items of minor character, EVERY taxing district in the county has seen a very substantial reduction in advalorum levies; and the county debt has been reduced to almost HALF what it was ten years ago.

Mr. Pressgrove's comments about the county-wide school levy being raised from 5 to 10 mills are illuminative. In spite of all this, we find some taxing districts with 20 mills less taxes to pay.

Then too, within this period it should be remembered that homesteads formerly bringing nearly $50,000.00 have been taken from the taxable wealth.

Mr. Pressgrove's letter and the appended statistics are well worthy of close reading and analysis by Grenada County taxpayers, for they reflect increasing financial stability of Grenada County, as well as reflect much credit upon the supervisors, past and present, and upon Mr. Pressgrove himself, who has had a major part in the matter.

Thank Abernethy

For eight years people along the Yalobusha River in this and adjoining counties have written, telegraphed and petitioned Arkansas Long-staple Ford to do something about flood conditions along this river. Ford would write long letters (on government paper with government stenographers and NO stamps), and send long telegrams at government expense to everone in anyway concerned, but DID NOTHING. He did not cut a willow, pull a snag or remove a grain of sand. All this time he was faced with only slight opposition in the persons of Joe Sheffield and Luther Gregory.

Lo and behold, last year the name of Abernethy began to pop up as a potential opponent of A. Large Fraud and he got busy. Finally be pursuaded Will Whittington to do something—if only a little something—along the Yalobusha. And they did—a little.

And we should thank Abernethy, not Fraud, for even the minute help we received. Fraud doesn't give a tinker's dam about this district, except what he can get out of it. He has proven that by investing in Arkansas, not Mississippi, property.

Who "Draws the Water"?

Be honest about it, as we are, and ask yourself this question: When people of Grenada want any action in Washington, from whom do they get it: Ford, o, no, no. All they get fom him are copies of letters and copies of telegrams he has sent to officials, and no results whatever. That's all, just copies of letters and copies of telegrams. And many editors over the district are foolish enough or gullible enough to publish these copies, and, in that manner, have helped perpetuate in office one of the greatest of imposters.

But back to the question, who gets results for the people here in Grenada, and elsewhere in this district. Even we are not particularly enamored of the man, honesty forces us to admit that Pat Harrison is the one who gets things done not Fraud. If anything ever done in this county could honestly be attributed to the nonexistant influence of Fraud we do not know what that thing could be. Why, Fraud tacitly admitted that he could not even control the postoffice appointment here.

As a hot air artist he could make a circus spieler or a patent medicine man fold tents and go back into the shadows.

Echoes from Last Week's Blitzkrieg

From Rt. 1, Ackerman—We'll help send him back where he belongs to his beloved Arkansaw.

From Georgia—Give him hell and plenty of it Thanks for the paper.

From Duck Hill—If he treats you like he did I am agin him from now on. I have been one of his most ardent supporters.

From Jackson—Thank God for your opening up on little arkansas longstaple Ford. I can now get a rest.

From Louisville RFD—We short staple fellows are with you. Thank God we have one man in the district who has guts enough to put the air on one of the greatest imposters ever in this district.

From Derma—He did us dirt too. Give him fits and plenty more hell. Mississippi Shortstaple Rayburn strong as onions here.

From Eeru—I do not know what mr top will say, but I think that was the trouble, no divvie in salary.

From Poplar Creek—Send us many more papers as you can. We will help spread the gospel.

From Vaiden—He is in bad here too. Put the air on him.

From Little Texas—He used to be mighty strong here until he forgot the people he was supposed to represent. He has got too big for his jeans. Rayburn will get 2 to 1 here.

From Bruce—I don't know what Greek Rice will say about a congressman paying his debts, but a J.P. of this county said that a congressman can be sued like any other debtor.

From Webster—Us short staple fellows are going to give longstaple plenty of hell here. Rayburn need not bother us. Go where he is needed.

From Wbster again—We are taxed to death in paying for the levees that save our lands. We wish we we could get it free like congressmen in Arkansas do.

From Montgomery—Keep sending me copies of your paper. It was worn out before Monday. Have you another of last week's.

From Attala—Thanks for the paper. We here in this community are just like you, down on a fellow living on us and putting his money in another state. Rayburn is the leader here, even if half of us have never even seen him.

From Attala, again—Is it a fact that he and White are lined up? ED: NOTE, don't know and don't give a damn, am not worrying with White any more. There may be something in your theory though, for Fred Sullens boosts both of them.

From Nebo—if he did our favorite editor a dirty trick, we are agin him.

From Oxberry—you and Miss Mabel were good to us, and we are with you, right or wrong. Rayburn need not come down here.

From Winston—thanks for bundle of papers. They got in good hands. We do not know much of Rayburn, but he cannot be worse. Send more until August 27.

From Carroll—He used to be on the job, the first term. We need a change. Abernethy would have won, but we are swinging to Rayburn.

From a mother—you are right. If he and the others had done their duty, our country would not get in war. If my boys are killed, I know where to put the blame. A neighbor lent me your paper.

From Kilmilcheal—good for you old boy. We need men with guts enough to show 'em up. Rayburn made a fine impression here. 2 for 1 for him.

From Pontotoc Ridge—of course we are for our home boy. Thanks for your interest, and thanks for the papers which were put into circulation.

From an old soldier—what has he done for us? It looks like he walks around us every time he can. To hell with him.

From Calhoun, again—he got messed up here too. He fooled us old folks. We need no poll tax receipts. Those papers last week were distributed in this community by a friend. I got one, but passed it on.

From Choctaw—he is the biggest hoodoo we ever had representing us. He don't pay two bits taxes here. Send more papers. This county may go for him but I doubt it. He did my boy dirt.

From a WPA worker—what didn't he pay us like he done them fellows in New York We got to eat too. Give him hell. I don't get hardly nowhere but I know Rayburn is strong here with our folks.

Can not print the remarks from Winston, wish we could.

From Montgomery, again—Keep up good work. Bundle of papers received. Send more next week. He fooled me too. I am like you Rayburn need not come here. Wasting his time.

From an humble country friend—you did me right when you were on the supervisors. I have not forgot it. If he did you dirt, I'm for Rayburn.

Overheard in the square—if Whyte Whitaker said it, it's so. To hell with that double-crosser who spends all his money in Arkansas.

Telephoned in—I don't often agree with you, but you won it fair and ought to have had it. If he did you that way, he would do me that way. More power to you. Send Rayburn to see me when he comes to town.

From Holcomb—I don't care for either of them but if he did you wrong, I am with you. You had so many nice things to say in your paper about papa when he died.

From Holcomb again—he is in worse shape here than anywhere. He played the wrong kind of politics. Put me down for your paper. Will pay you soon.

Told here in office—you helped me get out of that scrape and I am for Me and Rayburn from now out. Papa said tell you he was spreading the word to his folks in Chickasaw. Send my uncle a bundle of papers next week.

Said another—You won it fair. He beat you out of it. Damn a fellow who welches on his own game. He would do me that way if he had a chance.

from mr top. my lordee mussy mr whit. yu iz wuss on little long steeple thin yu evver wuz on hue or over ole fren the tall sickly more. i gess little long steeple will b sorry he sed yu was a bull she veck b4 the leckshun is over.

And more, and more, and more and more.

We are turning Hugh over to Col. Will Hoffa. Lt. Col. Jim Crawley, Major Frederick Sullens and Captain Jack Hancock. We have other fish to fry.

Believe we like the term. A Large Fraud, better than we do the term, Arkansas Long-staple Ford. Both are extremely appropriate

Me and Rayburn.

Answering Some of them

Inasmuch as we have no stenographer, we take a short cut and answer thru the paper.

C. Calhun County—You probably are right but it would be libelous to publish that, true as it may possibly be.

H. Vardaman—I can send you ONLY three sample copies under postal regulations. Better make arrangements. Things are going to get hotter and hotter.

S., Carroll RFD—The only thing you can do now is to get on the Rayburn train and get all your friends aboard. He did several people in Grenada that way, some worse. I think the business of getting two-thirds of that salary back is right, but have to check a little further.

S., Winston County—Thanks for your kind words. The reason I can put the stuff to him and fear no evil is that I have Truth as my sword and Right as my shield and buckler. Glad Jim gave you one of those papers.

J., Pontotoc—I think he sold that back lot in Ackerman and has nothing there now but a key to his hotel room. Yes, Mississippi for Mississippians; Arkansas for Arkansas.

M., Lodi—I am going to throw the Bible at him about week after next, and will use two similar texts: Matthew, 6-21 and Luke, 12-34. Of course neither Matt nor Luke knew anything about Arkansas plantations, but we do.

G., Ethel—You owe me nothing for that bundle of papers. Just put 'em out. Spread the gospel far and wide.

B., Washington—Thanks for the information. I have so much, and just five or six weeks, I may not get to see it.

N., Vaiden and W. Okolona—I have that dope, but I understand it was $500 instead of a $1000. Tales grow with telling, you know. $500 was bad enough for that little job.

Y., Holcomb—Appreciation is such a rare jewel that I wish I could use your name. I am so happy that you appreciated what I did for your papa. When you and your folks put "x" by Rayburn, you will be pleasing me.

P., Eupora—Get that in affidavit form about being run off that plantation. Have you a picture of that sign on the main entrance? If so, send it in. Make an affidavit that the picture was taken on his plantation. You just have to pass them from hand to hand. I am not equipped to print more than 5,000.

W., Winona—that's old stuff. That's the opposition scheme to make folks believe that our man can not win. Travel around over the district, if you want to find out the truth. That defeatism stuff was working until this paper began circulating over the districtt. Itt is dead now. Toot, toot, get on the winning train.

About fifteen of you—that may be legally right, but it is mighty bad morals. It seems if the government pays a secretary $3000 plus per annum, that secretary should stay in Washington.

"Friend", Louisville RFD—It looks as if they might be lined up, as The Jackson Daily News is belching praise about each of them. Let him belch. I feel like puking when I think how dirty I was treated

"Mason", Pontotoc—YYes, he was my father. He passed to his reward in 1931.

O., Kilmilchael—Sure, that's "me". I was in Hq. Co., 140th F. A. and served 23 months, 9 in France. You remember I was Regimental Sergeant Major and stayed at Regimental Headquarters most of the time. He loves us old vets for our votes, nothing else. It is to laugh!

"Anti", Ackerman—He can laugh at the "snuff dippers" and "peckerwoods" when he is wining, dining and dancing with "sassiety" in Washington, but the old Garreteers and peckers of timber will get even on August 27th.

"Rayburnite", Big Creek—That's right. He does not know but three things: shaking hands, remembering names and getting every pound of cotton possible out of a bunch of poor ignorant negro share-croppers. No white ones. They know better. You can not hoo doo them so easily.

"Doggone It", Holcomb—of course he is keeping all 24 of you out on a limb, until after election. Don't be a goose. Just one can get it. Keep your mouth shut, and vote against the double-crosser.

"Skunerite", Calhoun—You fellows there don't know "nothing". You should know the inside on what be pulled off in Grenada and Holcomb

F., Houston—Our man was not the first man to be kicked out because he was leading too much. Look at Balbo, and Bilbo.

T., Eeru—Pat Harrison did not have any more to do with it than you did. Not that I give much of a damn for Pat.

J., Kosciusko—He might as well, for all intents and purposes, get an auctioneer and auction off the jobs but that would be too obvious, and too easy to trace and prove. He is smart, we have to grant that, if the truth is ever known, think that fellow paid $500 for that $2,000 job, and was kicked out before he had worked a year.

"Con. Vet" Winston County—no, he was my grandfather. He was in the 15th Mississippi and wounded at Shiloh. He died before I was born. That old age pension business was just to "get in on". Bievoir is a fine place and you get the best of care there. Such a spry old duck as you could get you another wife there, you old rascal.

G., Mathiston—he did not get any nearer Washington than the Choctaw-Oktibbeha County line. I think he drew pay from about the first of the year until the last of April, but did not keep over fifty or sixty dollars of it per month.

S. L., Gulfport—You can write back to your folks in Attala and Winston and they can help put the fear of God in his traitorous heart. You should have kept your citizenship in Possumneck.

Where Was Ford?

Where was misrepresentative Ford when the House voted on the Hatch Bill recently? We failed to find him as voting in the Congressional Record. We are pursuaded that he was out visiting in Colorado.

Where was Ford during the latter part of February when Herbert Hoover appeared before the House Foreign Affairs Committee (which, according to Ford, is in bad shape when Ford is not present) asking for Polish relief? His picture does not appear with the other members of the Committee which appeared in the Washington Evening Star, dated February 29, 1940? We are pretty sure Ford was in Ackerman, Miss., having a conference in defiance of the Hatch Bill, with his postmasters and other political appointees and henchmen, seeing what they could do about the dark cloud of opposition rising from Okolona, Mississippi.

It is comforting to know, anyway, that Congress seems able to wag on without Ford; and that, when Rayburn retires him to his enormous Arkansas plantation, the nation will not suffer irreparable loss.

Misquoted

Ned Lee, usually very accurate in quoting what other editors say, recently quoted the GCW editor as saying, in congratulating Donald Sharp upon being appointed postmaster here:

> No use in my crying over spilled milk. If Ford gave a good job to my friend, Sharp, it is not a total loss.

We said that all right, but Ned overlooked the other part we said, which we add in capitatl letters:

> No use in crying over spilled milk. If IN GIVING ME A DIRTY DEAL, Ford gave a good job to my friend, Sharp, it is not a total loss

Disaster Along the Yalobusha

With flood waters along the Yalobusha at the greatest height ever known during July, disaster faces the people whose crops are under water today.

Under the protection of the Sardis dam, the folk on the Tallahatchie are safe from floods. Their crops are not being ruined by being submerged, as are ours.

The latter area has two wide-awake congressmen, both of whose interests, financial and otherwise, are in their respective districts, and who jockey around and get some protection for their people.

What did we, represented by a congressman who has nothing but political interests in his district, get? We got a few trees cut, a few snags pulled, and the WORSE FLOOD IN HISTORY.

We understand that our misrepresentative in Congress, A. Large Fraud, was able to get the government to build a fine levee protecting HIS immense plantation. This demonstrates that he can get flood protection IF he WANTS it.

We need a change in this district worse than a dead man needs a coffin.

Mike Conner was the man that made it possible for Hugh White to head a fine administration, and Mike has not been given a damn bit of credit for it.

BOOKS

It is almost impossible to keep up with the European War, and it is impossible to see ahead with any certainty. The best we can do is to try to get as accurate a background as we can. If we can get a clearer picture of the facts leading up to the present outbreak, maybe it will be a little easier for us to understand the coming events.

In any case an intelligent, well informed person is a better judge of affairs, and can come nearer understanding, than a person who is not familiar with Europea history of the [illegible] century.

In his book "Inside Europe", John Gunther says "that the accidents of personality play a great role in history". We all realize this. Yet not many of us will take the time or the trouble to acquaint ourselves with the background of the men who are making history today.

Miss Elizabeth Jones, Grenada County librarian, has furnished a list of books that can be found in our library relating to this subject. It would be of great benefit to those who want to be well informed to read several of these books.

Inside Europe, Gunther; Inside Asia, Gunther; Verdun, Romains; Road to War, Millis All's Fair, Landau; Count Luckner Sea Devil, Thomas; Thru Embassy Eyes, Dodd; Mein Kampf, Hitler; Days of Our Years, Van Passen; The Mortal Storm, Bottome; Escape, Vance; The Great Tradition, Keyes; New World Almanac.

FERDINAND WAS OUT

A small boy came in the Grenada County library and asked, "Can I get a copy of Ferdinand the Bull?". Since Ferdinand is one of the popular books in the children's section and, since the library has only one copy of this book, the boy was told that Ferdinand was out.

"Wouldn't you like some other book?" the librarian asked.

"No," said the little boy, "I wouldn't LIKE another book, but I guess I'll have to take another one til Ferdinand gets back".

Of course all readers are not as loyal as this little boy was to his hero, but the library should have several copies of all the books and especially the children books.

With just 2 copies of "Alice in Wonderland" in the library, poor Alice never gets any rest. And it might be better if the 2 copies of "Pinnochio" were made of wood like the puppet, because then they wouldn't have to be repaired so often.

Children, just like adults, all want to read the same books at the same time. The library needs more children's books. If you have any children's books to give the library they would be appreciated and greatly enjoyed by the many, many children who use the library.

A library in a town adds to the material value of property. Real estate agents in the suburbs of large cities never fail to advertise the presence of a library, as giving added value to the lots or houses they have for sale.

Anyway, there should be a good hay crop.

I certainly got into bad company Friday! Went to Jackson with power truster McKell, sat at the same table with Rex Brown, head of the power trust, sat close to Dennis Murphree and Bob Brown at lunch; then had a confab with Mike Conner, George Nobles and secretary; and, to cap the climax, went by Hugh White's headquarters and chatted with Jim Crawley and Jack Hancock.

MT. NEBO NEWS

There seems no let up to it.

Hubert Clark took a stroll in his pasture last Friday and a copperhead snake yanked a small plug out of his ankle. Made him pretty sick.

We spoke of a sock shortage last week (not a "shock sortage") but are glad to now state that situation is improved as Tude Sugg found one in his winter coat pocket.

Crief Justice M. O. Gray made a frantic effort to get to Grenada last week but failed. He got as far as the Beat Three line.

Three men here had their crops absolutely clean when this wet spell struck. They are clean yet (the crops). Names on request.

Jessie Clarke left by bus Saturday to visit his children at Birmingham.

D. J. Hall is one man who is always busy. He has until recently carried a truck load of milk daily to the Calhoun City cheese factory, but the factory folded. Now he takes it to Winona. Colonel W. B. Hoffa (should he set his head to do so) could soon have a cheese factory at Grenada.

Summer visitors to and from here have not scratched the surface yet. It is picking up now and will soon be one round of joy, and peace.

Nebo people, with all their trouble and heart aches, have one thing outstanding among many to be thankful for—until radio came, they groped in the dark as to the only safe and perfect toothepaste to use. They know They know now (?).

This Tuesday morning at 7 o'clock we had the heaviest rain to date. It was a gully washing, toad strangler and out of stove wood, meal and snuff. Such a world!

Miss Grace Harrison, one of Skuna Valley's pretty girls, spent the week-end here with her brother, IRA.

Our charter members are reminded that we have about filled out another year's contract, and that "dues" will be due about the last of the month. Most of our charter members take pride in staying on, like folks do about being FFV.

Me and Rayburn.

KENDALL G. RAYBURN

Candidate For

CONGRESS

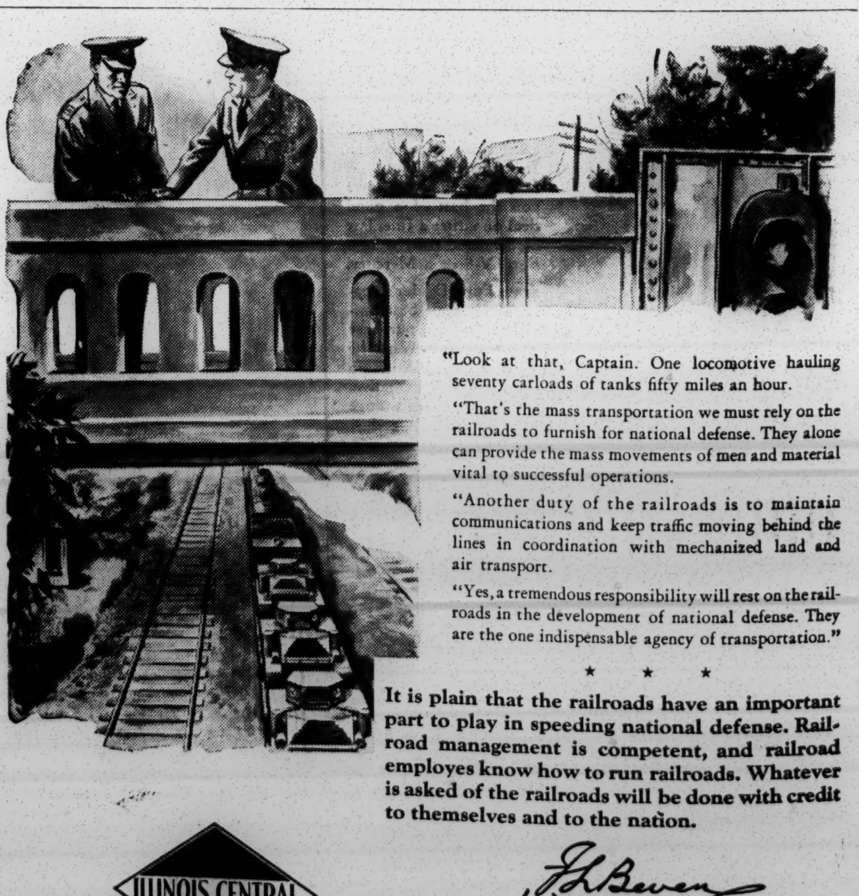
Will Speak At

GRENADA---2:30 P. M.

Saturday, July 20th

Mr. Rayburn has a very interesting and inspiring message. Hear his vigorous and fearless discnssion of the issues involved in this campaign.

LADIES ARE ESPECIALLY INVITED



"Look at that, Captain. One locomotive hauling seventy carloads of tanks fifty miles an hour.

"That's the mass transportation we must rely on the railroads to furnish for national defense. They alone can provide the mass movements of men and material vital to successful operations.

"Another duty of the railroads is to maintain communications and keep traffic moving behind the lines in coordination with mechanized land and air transport.

"Yes, a tremendous responsibility will rest on the railroads in the development of national defense. They are the one indispensable agency of transportation."

* * *

It is plain that the railroads have an important part to play in speeding national defense. Railroad management is competent, and railroad employes know how to run railroads. Whatever is asked of the railroads will be done with credit to themselves and to the nation.

The World Wags Wearily, Woefully On

Franklin D. Roosevelt was nominated unanimously for the third term as president of the United States by the National Democratic Convention last night.

They are still having a terrible war in Europe.

At least one of our subscribers will not have to build an ark, and that's John Emmons who lives on a hill that stuck out when Ararat was submerged.

Dear Brother [illegible]: your kind advice was received. You see, I am already taking it. Thank you.

Why have we no flood protection works of the nature in this district? Ask A. L. Ford, our misrepresentative in Congress, who is said to have a government levee around his [illegible] plantation in Arkansas.

Mr. Keene Huffington, popular cashier of the Trust Bank, is continuing his vacation this week.

We are trying here in Grenada to get up a Theo. Bilbo-[illegible] joint debate. Uncle Henry is ready. No holds barred.

Nature will provide. A child with webb feet was born down the river a piece last week.

Something new and different

Seen, Heard and Told By The Editor

If your boys get killed in the impending war, blame their deaths on national unpreparedness, and blame that on our misrepresentative in Congress, Arkansas Long-staple Ford. He speaks for seven of Mississippi's counties. Let's send him back to Arkansas.

The only fault one fellow could find with this paper was the phrase, "Ain't they sweet". Another fellow has not said, but we will bet he does not like, that phrase "Arkansas-Long-stapler", but it's so and nothing can be done about it.

See where a big piece about George Criss got into the Jackson Clarion-Ledger. George, you know, is at the MTC at Fort McPhearson.

We have layed our Fish Tales column aside until this wet spell is over.

J. W. Jordan in from Elliott reports that even the fish in Bogue are drowning, that weeds are freestone tall and the country is ruined.

Me and Mike.

I have had to lay Hugh down, as I have other fish to fry.

Dear Greek Rice, Attorney General: please answer me. I am a private creditor of a congressman who fails to pay a debt legally and voluntarily contracted.

Bear Pond, we hear, always a solid [illegible], is turning almost solid to Me and Rayburn.

Me and Ford. I am talking of Henry Ford, not the other one. Henry gives me plenty of ads. The other one gave me a dirty deal.

Me and Rayburn.

BEATTY VISITORS

Mrs. Helena Beatty and her daughter, Miss Augusta, returned from Memphis on Thursday last, after consulting a specialist concerning Mrs. Beatty's health. They were guests of their friend, Miss Adele Hoffa. On Sunday, Mr. Beatty and his aunt from Detroit, Mich. arrived in Grenada for a day's visit with their mother and sister. They motored to Tupelo. Mrs. Beatty and Miss Augusta are now in Tupelo where Miss Augusta is head of W. P. A. libraries for [illegible] counties.

Mrs. Alice Lawrence, of Greenville, was in Grenada the first of the week.

Miss Betsy Shields returned to her home at Marion on Monday, after a two weeks visit in the home of her sister, Mrs. C. S. Liles. She was accompanied by Dorothy Liles, who will visit in the home of her grandmother, Mrs. Shields, for several weeks.

Mrs. Robt. Luten and son, Earl, of Memphis have been visiting her brother and sister, Mr. and Mrs. Wade Williams of Holcomb.

Mr. and Mrs. Russell Bailey are leaving Grenada where they were reared and have lived for many years to make their home in Indianola. Mr. Bailey is employed by the Mississippi Power and Light Co.

Miss Elizabeth Jones is in Vicksburg attending to personal affairs.

Mrs. Dyess has returned to her home in Arkansas after a few weeks spent in the home of her daughter, Mrs. Earl Bailey. She left Wednesday.

LEADING CONGRESSIONAL CANDIDATE TO SPEAK HERE

KENDALL G. RAYBURN

Hon. Kendall G. Rayburn, leading candidate for Congress, from this district, will speak in Grenada next Saturday afternoon at 2:30.

Our good friend and subscriber, George Moss, dropped by and paid up his dues. He also gave us two dollars for his son, Gervis, who is now stationed in China.

If it keeps on raining, we will not need to buy city water. We can dip it up.

I am going to let Cousin Will Hoffa look after Hugh White. I have other fish to fry.

If it had rained this way in France and Belgium, the tale would have been different.

We poor farmers in the 4th Congressional District get about 22.26 percent of our land for cotton. How much do they get in the Arkansas delta? My guess is at least 50 percent. No wonder little longstaple Ford likes Arkansas land. Starving here, getting rich there.

Mississippi Short-staple Rayburn vs Arkansas Long-staple Ford. The battle of the century with the odds on the shortstapler.

"What Has He Done", screamed Ford at Busby in a four page circular back in '34? The people are screaming now at Ford, "What Have You Done"?

See where Mr. Tom, thru the Clarion-Ledger, the official organ, is still puffing up the administration. A fellow should take care of his own child, sinful as the child may be.

Understand somebody stole that that bunch of 3-cent stamped envelopes that we were quarreling about week before last.

Fred Simmons continues to enjoy that fine new Plymouth that Joe Neely almost gave him.

Well, I see where Roll-em Wall is to take a vacation until after the primaries. Bilbo, at long last, has got him? But can he hold him?

Nice progress is being made on the WPA addition to the courthouse.

They had a shooting at Holcomb Saturday night. Nobody killed.

Sam Mims resents our reference to his growing belly. All right, stomach, which sounds more esthetic.

Our Mr. Greenfield and Mr. Ray's Mr. Huffington visited in the Bluff City Monday and got back alive, happily.

Nobody killed on 51 South Saturday night, not even a pint.

Wonder where Will Hayward is? Must be neck-deep in the grass.

Power-truster McKell entertained a group of friends at his lovely home on Snider one night last week. High score was taken by ex-alderman Bradley, as usual. Dainty refreshments, consisting of cheese, etc., were served al fresco, or come and get it.

Dear Greek Rice, Attorney General: is it legal for a congressman to pay his own sister $3250 per year as secretary, when the sister neither lives in the capital or ever goes near there? Write right away.
